

Global Forum On Maintenance & Asset Management

❖ Vision:

- To be a worldwide community of organizations providing leadership for maintenance & asset management communities.

❖ Mission:

- Develop and promote knowledge, standards and education for the maintenance & asset management professions.
- With one voice, collaborate on the development and means to share advancements, knowledge and standards in maintenance and asset management.

❖ Outreach & Education Strategy

- GFMAM uses one voice to share **collaboratively** collected advancements, knowledge and standards in maintenance and asset management
- GFMAM **leverages** the best knowledge, standards and education for the maintenance and asset management professions.
- GFMAM **develops** knowledge, standards and education where gaps exist for the maintenance and asset management professions.
